## **DETAILED ACTION**

### ***Reasons for Allowance***

Claims 5-9 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claim 5, the closest prior art of record, Anvari (Fig. 1) does not disclose the following limitations: the functional limitations of the switch. Regarding claim 7, the closest prior art of record, Anvari (Fig. 1) does not disclose the following limitations: operating the signal cancellation loop so as to minimize intermodulation at the feed-forward amplifier's output while continuing to operate the intermodulation cancellation loop so as to minimize intermodulation at feedforward amplifier's output. Regarding claim 8, the closest prior art of record, Anvari (Fig. 1) does not disclose the following limitations: the signal power in the feedforward signal path and the intermodulation downstream of the correctional coupler have both reach minimums and steering both of the gain and phase adjuster so as to minimize the intermodulation downstream of the correctional coupler.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Henry Choe whose telephone number is (571) 272-1760.
